

Recall

2023-2024 Ram 1500 Pickup (DT)

Recall Date: **26 November 2024**

Brand of Commodity	Year of Production	Number of Affected Commodities
RAM 1500 Pickup (DT)	2023-2024	52

Recall consequence

The Steering Column Control Module (SCCM) on about 10,570 of the above vehicles may have been built with mechanisms within the turn signal lever that experience an interference condition that disables the self-cancelling function. A turn signal which does not self-cancel and remains active after a completed turn may cause surrounding drivers to misunderstand the intent to change vehicle direction which can cause a vehicle crash without prior warning.

Recall Action

Inspect and if necessary, replace the SCCM .
